

Morning Car Loop Procedure and Direction Change

To accommodate patrons and provide consistent directions for both drop off and pick up, TES morning drop off will change as of **Monday, January 22, 2018**. Please see the attached map and below for directions.

Morning car loop will drive South on East Street as you do currently. Once you reach the parking area, turn right into the parking lot and around the back aisle to the west end. You will then exit the parking area, turn left into drop off staging area (as you do in the P.M.).

This allows for drop off on the passenger side of the car at the building.

Please remember ALL of East Street is now a two-way street. Additionally, there is a 10 MPH speed limit, and we ask that you refrain from using your cell phones during car loop to ensure focus on student safety.

Again, these changes will take effect, on January 22, 2018.

Thank you to all parents for your flexibility as we change our car loop procedures. The afternoon pick up is now safer for students and parents as you exit onto East Street and then Washington Street.
