YES

NO

High likelihood that student or staff may have COVID-19, influenza, or other highly contagious or severe illness.

- ⇒ Isolate student
- ⇒ Contact student's emergency contact
- ⇒ Send staff/student home
- ⇒ Advise evaluation by the primary care physician
- ⇒ Advise COVID-19 and influenza testing
- ⇒ If positive test, follow recovery criteria for return: 10 days since symptom onset with significant improvement in symptoms AND 72 hours fever free without the use of fever-reducing medications.
- ⇒ If negative test, return when fever free for 24 hours without the use of fever-reducing medications.

- ⇒ Return to work or school
- ⇒ Consider evaluation by the primary care physician
- ⇒ Provide self-monitoring information to teacher, parents, students, staff
- ⇒ Consider temperature checks on arrival to school and mid-day to assess for development of more concerning symptoms
